CRA RELIEF imports and stores all loan data for mandatory, optional and community development lines of business analysis. The intuitive interface is designed for quick completion, with all possible codes and convenient dropdown menus.

In addition, a notes sidebar exists for Community Development lending, to state its purpose, its Assessment Area and any notable specifics for concise presentation to your board of directors and examiners.

DETAILED REPORTS

CRA RELIEF offers a wide array of reports. These include lending test reports that match your lending performance to that of your peers.

MAPPING

Exports loan and assessment area data to popular mapping software programs.

LIKE AN EXAMINER...

- Organize your lending performance analysis
- Measure your CRA performance precisely and quickly
- Identify your performance strengths and weaknesses
- Display results with graphical reports and maps

CRA RELIEF assists in identifying areas where you are excelling and those where profitable lending opportunities are available.
